

AKSHAY BHOSALE

Software Test Engineer – Manual & Automation Pune,
Maharashtra

☎ +91-9766724069 | 7020320626 | ✉ akshayrajebhosale02@gmail.com

PROFESSIONAL SUMMARY

Detail-oriented and result-driven **Software Test Engineer with 5 years of experience** in Manual and Automation Testing, including **2.5 years of hands-on experience in Playwright automation**. Proficient in designing and developing scalable **end-to-end (E2E) automation frameworks using Playwright with TypeScript/JavaScript**, implementing **Page Object Model (POM)**, and executing **cross-browser testing (Chromium, Firefox, WebKit)**. Strong expertise in **UI testing, API testing, and test automation strategy**, with hands-on experience in **Playwright fixtures, parallel execution, assertions, network interception, and debugging using Trace Viewer**. Experienced in **REST API testing using Postman**, and integrating automation suites with **CI/CD pipelines (Jenkins/GitHub Actions)**. Well-versed in **Agile methodologies, SDLC, STLC, and defect lifecycle management using JIRA**, with a proven ability to **improve test coverage, reduce regression effort, and ensure high-quality product delivery**. Adept at writing effective test cases, identifying critical defects, and driving continuous improvement in QA processes.

TECHNICAL SKILLS

- **Testing Types:** Functional Testing, Regression Testing, Smoke Testing, Sanity Testing, UI Testing, Cross-Browser Testing, End-to-End (E2E) Testing
- **Automation Tools:** Playwright, Playwright Test Runner, Tricentis Tosca (Basic)
- **Playwright Expertise:**
 - Cross-browser testing (**Chromium, Firefox, WebKit**)
 - **Parallel Execution & Test Sharding**
 - **Fixtures & Hooks (beforeEach, afterEach)**
 - **Auto-waiting, Assertions & Locators (getByRole, getByText, getByTestId)**
 - **Network Interception & API Testing using Playwright**
 - **Screenshot, Video Recording & Trace Viewer Debugging**
 - **Programming Languages: TypeScript, JavaScript**
 - **API Testing:** REST APIs, Postman, API Validation, JSON Handling
 - **Frameworks & Design Patterns:** Page Object Model (POM), Data-Driven Framework, Modular Framework
 - **CI/CD & DevOps:** Jenkins (Basic), GitHub Actions (Basic), Test Automation Integration

- **Defect Tracking & Test Management:** JIRA, Morpheus, TestRail, Test Case Management, Bug Lifecycle
 - **Version Control:** Git, GitHub (Branching, Pull Requests)
 - **Database:** MySQL (Basic Queries, Data Validation)
 - **Methodologies:** Agile, Scrum, SDLC, STLC
-

PROFESSIONAL EXPERIENCE

Powerweave Solutions Pvt Ltd, Pune

Oct 2022 – Present

- Performed **end-to-end (E2E) manual and Playwright automation testing** for web-based applications.
 - Developed and maintained **Playwright automation framework using TypeScript/JavaScript**.
 - Automated **business-critical workflows**, including login, form validations, product flows, and checkout scenarios.
 - Implemented **Page Object Model (POM)** for scalable and maintainable test automation.
 - Conducted **API testing and validation using Postman and Playwright**.
 - Executed **cross-browser testing (Chromium, Firefox, WebKit)** and parallel test execution.
 - Participated in Agile ceremonies and managed defects using **JIRA**.
-

Avencorre Consultant Services, Mumbai

May 2022 – Sep 2022

- Executed **functional and integration testing** for web applications.
 - Performed **regression testing** and validated critical workflows.
 - Logged and tracked defects, collaborating with development teams using **JIRA**.
-

Siddhlakshmi Pvt Ltd, Pune

Jan 2021 – Oct 2021

- Performed **detailed manual testing** on front-end modules, including **functional, regression, smoke, and sanity testing**.

- Designed and executed **test cases, test scenarios, and test data** based on business requirements.
 - Identified, logged, and tracked defects using **JIRA**, ensuring proper defect lifecycle management.
 - Conducted **UI validation and cross-browser testing** to ensure consistent user experience across browsers.
 - Prepared and executed **system and integration test scenarios**.
 - Collaborated with developers and business teams for **requirement understanding and defect resolution**.
 - Gained strong expertise in **STLC, SDLC, and manual testing methodologies**.
-

PROJECT HIGHLIGHT

Project: E-Commerce Web Application Automation (Playwright Framework)

Organization: Powerweave Solutions Pvt Ltd

- Designed and implemented a **scalable end-to-end (E2E) automation framework using Playwright with TypeScript**.
 - Automated critical business workflows including **user registration, login, product listing, filtering, cart, and checkout processes**.
 - Developed reusable components using **Page Object Model (POM)** to improve maintainability and reduce code duplication.
 - Executed **cross-browser testing (Chromium, Firefox, WebKit)** ensuring application compatibility across multiple browsers.
 - Implemented **parallel execution** to optimize test execution time and improve regression cycle efficiency.
 - Utilized **Playwright locators (getByRole, getByText, getByTestId)** and auto-waiting features for stable and reliable test execution.
 - Captured **screenshots, videos, and used Trace Viewer** for debugging failed test cases.
 - Performed **data-driven testing** using JSON-based test data.
 - Achieved **~60% reduction in manual regression effort** through automation implementation.
-

EDUCATION

Bachelor of Engineering (B.E.) – 2017 S.C.O. Engineering & Management, Pune University
